## CREATION OF THE PHYSICAL UNIVERSE: ITS BIBLICAL AND SCIENTIFIC DISCRPTIONS

**Dr Mathew Clark**

**Tuesday 16th February  
8 pm**

**Lindisfarne House, 4 Barbourne Terrace,  
Worcester WR1 3JS**

Dr Clark will discuss the origins of the physical universe as described in the Bible and how this is seen in relation to the creation as interpreted from scientific discovery. He will consider how believers with scientific backgrounds reconcile the two descriptions, and how this is affected by modern scriptural interpretation.

After a career as Pentecostalist Pastor and Academic Tutor in Central and Southern Africa, Dr Clark is now Director of Postgraduate Studies at Regent's Theological College, Malvern.
