

# **BIBLE & SCIENCE**

An interdenominational group from Worcester's local churches

## **OBESITY AND A NEW PARADIGM OF TREATMENT**

**with Tomas Franco**

**Tuesday 18th September  
8 pm**

**Lindisfarne House, 4 Barbourne  
Terrace, Worcester WR1 3JS**

Three times as many people in the world now die of obesity and related health conditions than malnutrition according to “The Lancet”. The so-called obesity epidemic has gripped both rich and poor countries alike. Tomas Franco is going to be giving a presentation about the causes behind it, and how science is increasingly confirming biblical wisdom that we are able to improve our health and create a deeper spiritual connection with God at the same time.

We will be looking at some of the failings of the current model of obesity which puts a unit of energy (calories) at the centre, and explore how by adopting a new model that puts hormones at the centre we can better understand how the body regulates weight, appetite and energy expenditure.

**All welcome - entry and refreshments free (coffee and cake) -  
optional donation - free parking.**
